**C&G 2382-10 – 17<sup>TH</sup> EDITION OF IEE WIRING REGULATIONS BS7671**  
COURSE CODE: 17ED – 2382-10

**DURATION :** 4 Days

**LOCATION :** Clapham, Derby or Customer's Own Site

---

**WHO SHOULD ATTEND**

Designed for delegates who need to be conversant with the latest edition and amendments to the wiring regulations. Suitable for those who are electrically qualified but are looking for in-depth training of the recently updated wiring regulations taking account of European harmonisation, or for those who have not passed a formal electrical qualification on BS7671 since 2001.

**OBJECTIVES**

On completion, delegates will be able to:

- Explain the fundamental requirements of BS7671
- Demonstrate the application of the regulations
- Identify the requirements of the special regulations

**CONTENT**

This course covers the full 17<sup>th</sup> Edition regulations.

- Scope, Object and fundamental principles
  - Definitions and terminology
  - Assessment of general characteristics
  - Protection for safety
  - Selection and erection of equipment
  - Inspection and testing
  - Special Locations
  - Appendices and sample test papers
- 

**LEARNING APPROACH**

Classroom sessions covering calculations and theoretical learning. Discussions on aspects of electrical installations and video/powerpoint presentation.

**FEATURES**

Following completion of the course, delegates will have a thorough knowledge of the regulations harmonisation with the European Standards.

**CERTIFICATION**

Delegates may take the City & Guilds 2382-10 national examination on-line.
