**C&G 2382-20 – 17<sup>TH</sup> EDITION OF IEE WIRING REGULATIONS BS7671**  
COURSE CODE: 17ED – 2382-20

**DURATION :** 1 Day

**LOCATION :** Clapham, Derby or Customer's Own Site

---

**WHO SHOULD ATTEND**

Designed for delegates who need to be conversant with the latest edition and amendments to the wiring regulations. Suitable for those who are experienced and have a good knowledge of the 16<sup>th</sup> Edition who have passed a formal City & Guilds 2381 since 2001. This is essentially an update course.

**OBJECTIVES**

On completion, delegates will be able to identify the changes to BS7671.

**CONTENT**

This course covers the full 17<sup>th</sup> Edition regulations. In addition to harmonisation with European Standards, the event will consider the changes to the 16<sup>th</sup> Edition and overview of the differences between 16<sup>th</sup> and 17<sup>th</sup> Editions.

**LEARNING APPROACH**

Classroom sessions covering calculations and theoretical learning. Discussions on aspects of electrical installations and video/powerpoint presentations.

**FEATURES**

Following completion of the course, delegates will have a thorough working knowledge of the regulations.

**CERTIFICATION**

Delegates may take the City & Guilds 2382-20 national examination on-line.
