

## On arrival:

The ground floor of York Railway Institute can be accessed from Queens Street.

When entering the building your training information will be displayed on the notice board. Please make your way to the training room where you will be greeted by your trainer.

There are no car parking facilities at the York site itself, however, there is an NCP car park next door.

To report late arrivals, please call our Business Support team on 0845 880 8805 who will then notify the trainer.
